

**Please read these instructions carefully.**

Before you start writing these sample exams related questions, it is advisable to ensure you are ready, have adequate battery life and optimal network. This is because you have only 5 attempts or 3 months' grace, whichever comes first, to assess these questions before your login details become invalid. The sample exam is a good practice, as it will familiarize you with the type of questions on the actual exam. Thus, feel free to answer, review as much as you can, and make any changes while answering the sample exam. We urge you to read the following and then click on the link to start the sample exam.

**General information about the actual exam:**

1. The online test is simple to get through.
2. Each question carries 1 minute attempt time.
3. If for any reason you lose battery or network, the test will automatically submit for you.
4. After the test, click on VIEW QUESTIONS button to view all your questions and answers as well as all the correct answers and summaries. You could also click RETAKE TEST to attempt it again.
5. You can click on boxes at the top of your questions to select preferred questions to review or answer at any point. You could also select the last question to have access to the submit button should you want to jump questions.
6. We urge you not to leave any of the questions unattempt
7. The pass mark is 75%. Once you attain that mark here, you are just about ready for your exams.
8. Once you press "submit your answers," on the last page of the questions, you will not be able to go back to make any changes.
9. We urge you not to share your login details with anyone, should we notice an unauthorized login through your details, it will be deactivated and you would forfeit subsequent access.
